not push your limits. Medical services are overloaded, let's not add to the burden. Please follow the instructions of our team their priority is your safety.

PRACTICE PHYSICAL DISTANCING

SMALL GROUPS ONLY
2 meters physical distancing at all times.

Arrive 15 minutes early for your session to allow you & others to get ready. The number of changing rooms will be limited to enable physical distancing. We are running only small groups at staggered timings, choose your spot wisely and make sure you turn up or pass your spot on to a friend.

LEAD BY EXAMPLE

We have a shared responsibility to keep the sport safe. If we follow the government's advisory and guidelines we continue to have access to the Big Blue and this amazing sport we all love.

BRING YOUR OWN HYDRATION

It's hot, paddling is a demanding sport, remember to bring your own hydration. For safety

reasons we are unable to provide water refill at this time at the base.

We recommend 1.5 litres per person for a session or training.

HAVE FUN & KEEP PADDLING

Enjoy your paddling, learn to kite and foil and support the newbies to the community, so we can all grow together and look out for each other.
